

Developing a growing love for the things that God loves involves not just learning what God loves, but actually loving the way He loves. In order to help encourage and support our members in this endeavor, we are offering a limited number of Missional Living Grants each year.

The purpose of these grants is to fund your unique, God-given opportunities to live on mission in your community. Grants ranging from \$100-\$500 will be donated to your individual outreach ministries that best fit our values and criteria (see Grant Rubric). We are excited to be a part of encouraging and supporting our church members who are seeking to live on mission!
